The Organization ID is a code unique to each organization. Check any paper work, email or website information provided by your organization if you do not know or does not appear above.

4) The Next Step For...

NEW USERS:
Follow the prompts to locate your account and create a unique Personal ID
Note: The Personal ID is not a password.

EXISTING USERS:
Enter your Personal ID
If you've forgotten your Personal ID, click "I Don't Know..." below the PID field.

5) The Tutorial Listing Page
On the Tutorial Listing page you'll see a list of tutorials your organization has either required or has made available to you -- if the list does not specifically state "Required", it's possible that not all on the list are required (your organization should have provided a list for you in this case).

Take notice of any articles in the News & Information area to the right of the page.

6) Viewing Tutorials
To view a tutorial, click START to the left of any title in the list. Your progress is saved after each slide completes, so you may complete a tutorial in several sessions.

If you have trouble viewing a tutorial or slide, check the links below the tutorial viewer or the News & Information section (on the Tutorial Listing page) for help.
